DME Management School offers Bachelor of Business Administration (BBA) course which is an intensive 3 years (6 semesters) program. It is a professional course beyond bookish knowledge. The endeavor in the course is to sharpen managerial skills. The BBA course under GGSIPU has been designed in such a manner that it provides a strong foundation in learning business disciplines and enables students in key competencies, essential for business management at graduate level. At DME, we provide various opportunities for students to learn more about real life situations in the business world. We organize expert lectures on management topics by eminent personalities from the corporate world. The course enables a student to acquire inter-disciplinary knowledge of all the functional areas of business as also obtain practical working background for a facilitated entry into a management position.

Conference Contours

The DME Management School, a premier management institution affiliated to GGSIPU, New Delhi, is organizing its 3rd Annual Global Strategic Management Conference (GSMC 2022) on - **FinTech in Metaverse: Challenges, Opportunities and Future Trends**, in the month of November. The two day conference aims at developing a detailed insight into the usage of financial technology in management in the metaverse. FinTech in Metaverse is mapping the technological façade of financial universe in the multidimensional arena of technological interfaces. The rapid changes and growth in FinTech is morphing the face of industry and commerce in the global economy in the areas of investment and transactions. Growing virtual space and reliance on technology has kindled the interest of firms operating in the FinTech industry in providing financial services in a completely changed world. With the maturity of FinTech firms operating in Metaverse, more opportunities are unfolding for diversifying avenues of revenue and hence growth.

GSMC 2022 aims to offer a platform to the industry, academia and researchers to deliberate over this rapidly growing market. To enable this, Financial Experts, President/CEO, Technical Professionals as well as academicians are invited to lend their expertise in the domain, while paving the way forward.
